

2025 年攻頂大學聯盟新進教師研習營

2025 NSYSU–KMU Aim-for-the-Top Alliance New Faculty Orientation

主辦單位： 國立中山大學教務處教學發展與資源中心
高雄醫學大學教務處教學發展與資源中心

Organizers:

Teaching and Learning Development and Resources Center of National Sun Yat-sen University

Teaching and Learning Development and Resource Center of Kaohsiung Medical University

壹、計畫主旨 Purpose

本校與高雄醫學大學締結「攻頂大學聯盟」。有鑒於目前國內大學教師普遍未受過系統性之教師專業培訓課程，為協助新進教師有效進行教學工作，強化教學與研究能力，並達成跨校資源共享，強化區域教師之情誼，兩校特規畫本次新進教師研習營。議程內容涵括學術倫理、研究計畫申請、EMI 教學、教學實踐研究計畫等經驗分享以及行政資源座談，協助新進教師增進專業成長，並了解學術倫理，以具備從事研究工作所需之正確倫理認知與態度，及對教學、研究、服務及個人權益之瞭解。

本次新進教師研習營開放兩校之新進教師參加，另考量兩校近年來外籍教師逐年增多，同時配合國家 2030 年打造雙語國家之目標，議程內容採英文進行。期待兩校教師能透過本次活動，盡快融入校園，達成跨校教學資源互惠共享、典範移轉共創雙贏之目標。

National Sun Yat-sen University (NSYSU) and Kaohsiung Medical University (KMU) have collaborated to establish the NSYSU-KMU Aim-for-the-Top Alliance. Because few university faculties in Taiwan have received systematic professional teacher training courses, in order to enhance the teaching and research capabilities of new faculty members as well as to promote resource sharing across universities and to enhance the interaction among faculty members in Southern Taiwan, NSYSU and KMU co-organize the “2025 NSYSU–KMU Aim-for-the-Top Alliance New Faculty Orientation”. The topics of this event include academic ethics, experience sharing on research program application, EMI teaching, teaching practice research program, and administrative resources. Through this event, we aim to help new faculty members grow professionally, understand academic ethics, develop the appropriate ethical knowledge and attitudes required for conducting research, and increase their understanding of teaching, research, service, and personal rights.

The Orientation is open to new faculty members from both NSYSU and KMU. To accommodate the increasing number of foreign faculty members and to be in line with the government's Bilingual 2030 policy, this event will be conducted in English. We hope that through this event, new faculty members from both universities will quickly integrate into campus life and achieve the goals of mutually sharing teaching resources across universities and creating a win-win situation through the transfer and co-creation of exemplary practices.
